Back wax	\$70

ELECTROLYSIS From \$49

A permanent form of hair removal. Each hair must be treated individually and several times for permanency. With each subsequent treatment, the hair is weaker, finer and softer. Minimum 10-minute session.

We recommend a free Electrolysis consultation before your first appointment.

DIATHERMY From \$35

Diathermy is the use of an electrically induced high frequency current that produces heat. It is the cauterization by that heat current of the capillaries on the face and chest which are in the epidermal layers.

The therapist will use a thin probe to puncture the capillary that is being treated. The electrical current will then cauterize the capillary. The capillaries will then dry up and are no longer visible.

CUSTOMISED PACKAGES

HSF will often curate skin packages targeting major concerns of their clientele.

For further information on Scar Rejuvenation, Melasma and Pigment destruction, Wrinkle Reduction, Hair Removal, and Hydration and Skin Rejuvenation packages, we recommend that you book a consultation to create your skin treatment journey.

QUALIFIED THERAPISTS

Our Dermal Therapists and Beauty Therapists are all qualified skin therapists who update their skills regularly. This ensures that every treatment you will receive is of the highest standard.

PERSONALISED CONSULTATIONS

All treatments at Hamilton Skin Fitness will begin with a thorough and detailed skin analysis where we will ascertain your concerns and discuss the ways for you to achieve your desired results.

GIFT CERTIFICATES

Our skin therapists can assist you in selecting personalised gifts and treatment packages. All Gift Certificates come in a ribboned gift box at no extra charge.

GIFT VOUCHER POLICY

Expired Gift Vouchers will not be honoured or extended.

CANCELLATION POLICY

The treatments you book are reserved especially for you with one of our skin therapists. 48hour notice for cancellations is requested in consideration to others. If your appointment is cancelled or rescheduled in less than 24 hours a 50% cancellation fee applies. Gift Voucher Packages will have 50% redeemed.

ONCOLOGY SERVICES

Oncology facials and skincare is a modified client service designed to meet the unique and changing needs of someone in or with a history of cancer treatment.

Jodie, your Oncology trained Facial and Skincare therapist, will provide treatments that are focused on restoring, nurturing and replenishing the skins barrier. This is achieved while working in clinical consideration of safe practices and providing an individual experience to meet your skin needs.

75min | \$185

HSF CUSTOMISED SKIN REJUVENATION AND FACIALS

For skin revision, skin health, personal well-being and exceptional results, HAMILTON SKIN FITNESS will deliver the knowledge, education and passion to each client for an innovative beauty enhancement while experiencing superior and nurturing client service.

ADVANCED SKIN ANALYSIS 60min | \$99

Our skin Imaging analyser utilises advanced visual analysis technology to provide us with clear and accurate images.

12 individual pictures will target different skin issues such as: pigment, ageing, dehydration, skin texture, wrinkles, and sensitivity.

Included in this time is a cleanse, LED Treatment and application of homecare.

ALKALINE WASH

A unique treatment designed to remove the fine hair on the skin and/or at a greater depth, provide the skin rejuvenation benefits of softening acne scars, reduce skin thickening and hyperpigmentation.

Full Face Rejuvenation	45min \$160
Full Face Hair Removal	30min \$100
Half Face Hair Removal	20min \$70
Quarter Face Hair Removal	15min \$35

DEEP CLEANSE 45min | \$110

A skin cleansing treatment with deep exfoliation and mask to purify.

HSF SKIN TREAT 60min | \$125

A traditional facial including cleanse, exfoliation, mini massage, mask and moisturise.

PAYOT EXPERTISE 60min | \$180

Combining of the PAYOT Method and made-to measure expert treatments. These facial treatments are curated to target your skin concerns while providing total relaxation.

SKIN PEELS 45min | From \$189

These treatments are designed to reduce the appearance of irregularities on the skin's surface and reveal a smoother, revitalised texture by regenerating and resurfacing the skin. These treatments remove the top layers of the skin, help to stimulate collagen remodelling, reduce tonal discolouration, improve skin texture and hydration, reduce congestion and improve the overall appearance of the skin.

LED

Activates the deeper cells of the skin to improve the skins metabolism, reducing lines and wrinkles, treats acne, reduces redness, evens skin tone and increases collagen production for firmer skin.

Unlimited LED Treatments \$220 per month* Conditions apply

COLLAGEN INDUCTION THERAPY – SKIN NEEDLING

The MDerma is a fractional dermal-needling system. The tiny micro-needles penetrate the skin forming micro channels where the cells then produce more collagen leading to an improved tone and elasticity, tightening, lifting and rejuvenation of skin tissue.

Face and Neck	30min \$255
Face, Neck and Dec	75min \$300
Customised/Targeted Areas	20min \$130

Needling can be an additional treatment within other skin revision treatments and recommended in a course of treatments.

SKIN MODERNE

Our exclusive Nanofusion and Ultrafusion therapies utilise cutting edge technology to refine, rejuvenate and reveal your most radiant skin. Tailored to your unique needs, these treatments blend state-of-the-art science with luxurious care, ensuring transformative results and a truly personalised experience.

NANOFUSION 60min | from \$249

A painless alternative to Skin Needling, Nanofusion offers clinical results without pain or downtime that can often be associated with skin needling. Nanofusion is a patented technology that creates nano-channels in the top surface layer of the skin to trans-dermally deliver active ingredients deep into the skin to create and influence change at a cellular level without inflammation. Suitable for age management, low grade acne, scarring, pigmentation, skin laxity and textured skins.

ULTRAFUSION 60min | from \$199

Patented to Sin Moderne, Ultrafusion is ultrasound technology that delivers 10mHZ wavelengths that interact with the cell that produces our collagen, elastin and other volumizing proteins required for skin volume density and firmness. Ultrafusion treatments are designed to aid in skin tightening, firming and strengthening capillary vessels to reduce redness, volumise and plump the skin. Suitable for age management including glycation, couperose, rosacea, sun damage and post operative procedures.

FIRMING TRANSFORMATION FACIAL 90min | \$399

Take your skin to incredible heights with our dual device transformation treatment. This is the creme de la creme of treatments that gently resurfaces, brightens, even tone, hydrates, tightens and firms with impeccable volume. For the client who wants it all!

All treatments at HAMILTON SKIN FITNESS can be customised to suit your skin needs and requirements for optimal results.

*Certain treatments will need the skin prepared with Homecare leading into your treatments. This will be advised by your skin expert on booking your treatment.

**All Skin revision and facial treatments can be purchased in packages

*** Prices subject to change

HYDRAFACIAL™

The amazing and award-winning HydraFacial is a 3-step non-invasive, resurfacing treatment for all skin types. The no-downtime, non-surgical treatment achieves the results of an advanced facial, as the HydraFacial uses a patented spiral tip that can simultaneously exfoliate, clear blocked pores and deliver nourishing serums.

SIGNATURE HYDRAFACIAL 30min | \$235

An instant result for any skin type. The Signature HydraFacial removes redundant skin cells and impurities while deep cleansing, extracting, exfoliating and then drenching the skin with peptides and antioxidant serums.

CORRECTIVE HYDRAFACIAL 45min | \$310

This treatment includes all that of the Signature HydraFacial while addressing specific skin concerns with the addition of HydraFacial's advanced and intensive boosters with LED light therapy. The Corrective HydraFacial is best for clients wanting to customise their treatment with an extra boost.

IPL HAIR REMOVAL

IPL Hair Reduction treatment targets unwanted hair growth over a course of treatments. It uses non-invasive, broad-spectrum light to treat unwanted hair on the face and body. Using IPL technology, we aim to cause targeted destruction of hair follicles without causing thermal trauma to the surrounding tissue.

All first time IPL treatments require an IPL consult (even if you have had IPL elsewhere) to be carried out at least 48 hours prior to the desired IPL treatment. Hair removal prices for your treatment area will be confirmed at your consult.

IPL SKIN REJUVENATION

IPL PHOTO REJUVENATION *Full pricing available on our website

IPL Photo Rejuvenation is a non-ablative procedure that uses intense pulsed light to trigger a wound healing response. This process stimulated collagen and elastin production along with several of the skin's rejuvenating mechanisms to improve signs of ageing and improve the skin texture and tone.

IPL PIGMENTATION CORRECTION From \$69*

By targeting melanin, IPL causes sun damage (such as freckles) to react and darken. The targeted pigment then micro-crusts and disappears. The result is a reduction in visible pigmentation, sun damage and a more uniform skin tone, typically seeing results within 2-4 sessions.

IPL VASCULAR THERAPY From \$69*

Targeting redness and causing damage to wanted vessel walls and leading to it to collapse and disappear. Treatments are highly effective, with vascular lesions such as telangiectasia and cherry angiomas resolved with 2-4 sessions.

IPL ACNE MANAGEMENT From \$35*

Using Blue light to target inflammatory acne and destroying C.Acnes bacteria and suppressing sebocyte production resulting in an anti-inflammatory action on inflamed lesions. Treatments work to heal active acne lesions and avoid acne scarring, reduce congestion, and prevent future breakouts from occurring.
